OBJECTION TO THE FRENCH NOTE.

This Government Would Not Prevent China From Extending Her Power.

WASHINGTON, Oct. 2.—While the French note to the Powers proposing certain permanent arrangements for preventing a repetition of the anti-French disorders in China has not been communicated to this Government, it is apparent that the proposition to place for all time an embargo on the importation of firearms and ammunition into the Chinese Empire will not be acceptable to the United States. Otherwise the note does not seem to present any objectionable features. The first part of the note is an indorsement of the attitude of this Government in regard to Germany's plan of punishing the Boxer leaders as a condition precedent to peace negotiations, and is therefore received with satisfaction by the Administration. The main objection to the proposition to place for all time an embargo on the importation of firearms and ammunition into the Chinese Empire will not be acceptable to the United States. Otherwise the note does not seem to present any objectionable features.

STEAMER URSA LIQUID FUEL.

Voyage of 9,250 Miles Successfully Made Without Coal.

Special Cable Despatch to THE SUN, London, Oct. 2.—The steamship Ursa, which is discharging a cargo of oil from Borneo at the Thames docks, steamed from Rotterdam, Borneo, to London, a distance of 9,250 miles, using only liquid fuel. This was reduced to a spray by a jet of air from the boiler. The Ursa is a 1,200-ton oil tanker, built at the Harland and Wolff shipyard in Belfast. She is the first oil tanker to make such a long voyage without coal.

LONG BILL POLIARD.

An Inquiry of Which He is Naturally Becoming a Little Warier.

From the New Orleans Times-Democrat. "I had occasion to go down to south Georgia to look at some pine land lately," said a turn-of-the-century operator, "and while driving through the district with one of the residents was started to see an extraordinary looking couple emerge from a roadside farmhouse. One was a short and very fat woman and the other was a raw-boned, gauntling man, who seemed at first glance to be at least nine feet tall. That's Long Bill Poliard and his wife, I have my own opinion, and whatever you say, for heaven's sake don't ask him whether it's cold enough up there."

ON THE WHEATON LINKS.

PROFESSIONALISM IN PRACTICE ROUNDS FOR THE OPEN CHAMPIONSHIP.

Vardon Makes a 75 and a 70—Taylor Beats Tom Hamilton and W. B. Way, Scores a 75—Ancherterino Also Records a 75—Shippen and Fitzhugh Break Even—Gossip.

CHICAGO, Oct. 2.—Although no records were broken on the links of the Chicago Golf Club today there were never so many scores under 80 played over the course. The gallery of professional golfers of national and international repute were responsible for it, and it took half a dozen strokes under the bogey of the course to elicit even mild comment. Harry Vardon's arrival during the forenoon created a ripple of excitement, and when he started in his foursome soon after the biggest "gallery" of the day followed him.

Vardon's work was up to the high expectations of the spectators, as he registered a 75 in his initial round, one stroke above his best figures for the course, which were made during his match with Willie Smith here in July. Vardon is certainly a favorite in the betting, even figures being placed on him in many instances against the field. Several wagers were made at even money against any two other professionals who would make quite a sum being placed at even figures that Vardon would beat both Taylor and Willie Smith.

President C. B. Macdonald of the Chicago Golf Club said this evening that he believed Vardon would be ten strokes ahead of any of the other competitors, with Taylor probably second. Vardon is certainly playing brilliantly, as his 75 today should have been a 74 or better, as he took 9 for two holes through absolute perfection. The leading professionals who are now here and practicing for the open tournament are: Vardon, Hamilton, Taylor, Shippen and Fitzhugh.

Hamilton and Willie Norton of San Diego defeated Al Findlay of Boston and George Low of Exeter, Mass., by 5 up and 3 to play. Taylor and Shippen defeated Low and Findlay 2 to 1. During the afternoon Found Vardon made a 75.

COLLAPSED AT THE PRIMARIES.

Republican Leader at Cranbury, N. J., Worried Into an Attack of Brain Fever.

NEW BRUNSWICK, N. J., Oct. 2.—R. L. McDowell, the Republican leader in Cranbury township, fell unconscious as a result of excitement at the primaries at Cranbury last night, which elected delegates to the county convention. There was intense rivalry over the delegates who will name the candidate for Senator at the county convention. McDowell's failure to get his delegates elected caused his utter collapse and today he is down with brain fever. He is expected to recover, but the delegates for the nomination came out about noon. Second primaries will be held tomorrow in many places.

Gossip of the Harness Horses.

About a dozen of the regular roadsters drove up to the Speedway yesterday afternoon, but the footing was so heavy that little brushing was done and fast work was out of the question. The going was especially poor for the pacers. They slipped and skated about on the sticky clay so that it was really not safe to try them at speed. Mrs. H. D. Gill was out with her big bay mare Jack and Dr. Gill ensured a dash or two down from the bench behind the gray pacer Anheuser. Dr. H. B. Kane jogged Daniel and Little Gem easily and Mr. Armour breezed his team of trotters through the stretch up and down. The road began to dry out before nightfall and if there is no more rain the footing should be good to-day.

Trainer George Spear has closed his campaigning season and has about ten head of his horses quartered at the McDonald stables in the fall and winter work on the Speedway. Among them are:

Sphinx A. 2094, which was in the 200 pace at the Empire City Grand Circuit meeting and was second in the 100 pace at the same meeting. This is the first time that a horse has won the 100 pace at the Empire City meeting. Sphinx A. 2094 was a 75, Norton was 80 and George was 85.
